

Understanding Gods Will

The world in this 21st Century is more knowledge hungry than in any era in human history. The saddest part of this story is that, the more knowledge man acquires, the more ignorant he is of God's will. Understanding God's Will is a treasure that unlocks the code to the missing link to knowing the will of God. If you come across this book for mere curiosity, I ask that you just put it down now. If you are knowledge hungry, this is the best place to begin.
